

1  
2 ABSTRACT OF THE DISCLOSURE  
3

4       This device can be attached to the standard tractor blade and  
5  
6 converts the tractor blade into a scoop or bucket. This device  
7  
8 will increase the utility of a standard tractor by increasing its  
9  
10 functions. It will be lightweight and durable and can be easily  
11  
12 placed on the tractor blade and easily removed.
